

What's new at the MPO?

The MPO is participating with Blue Zones, Naples Pathways Coalition, Naples Velo, the Community Traffic Safety Team and others as part of an informal Bike-Ped Safety Coalition.

We are posting the same monthly Bike-Ped Safety messages on our websites, social media sites and in newsletters. This month's video is produced by the University of Miami with funding assistance provided by FDOT:

The Lely Resort Traffic Safety Committee has joined forces with the MPO, distributing bike/ped safety videos to Lely residents.

A new Public Comment Period is open for an amendment to the FY 2021-2025 Transportation Improvement Program (TIP) for transit funding.

View the amendment [here](#).
