# RE: Request for Roll-Forward Amendment to the Collier Metropolitan Planning Organization (MPO) FY 2024/2025 through FY 2028/2029 Transportation Improvement Program (TIP)

Dear Mrs. McLaughlin,

The purpose of this letter is to request the MPO's approval of the Annual Roll-Forward Amendment to the adopted Transportation Improvement Program (TIP) for Fiscal Year (FY) 2025 through 2029 to reconcile differences between the TIP and the Department's Adopted Five-Year Work Program. This is a routine, annual process to assist Collier MPO in identifying projects that were not committed in the previous fiscal year (FY 2024) and have automatically rolled into FY 2025 of the FDOT Work Program. This amendment ensures that year one of the TIP, adopted by the Board on June 14, 2024, effective October 1, 2024, matches year one of the FDOT Work Program.

The affected projects submitted for the MPO's approval are listed in the attached Roll Forward Report.

If you have any questions, please feel free to contact me at (863) 370-5191.

Sincerely,

DocuSigned by: Kristi A. Smith

# 4.3.1.4 Roll Forward Amendment (Authorization of Roll Forward Projects)

During the three-month gap between the start of the state fiscal year (July 1) and the start of the federal fiscal year (October 1), FHWA and FTA regard the old STIP and TIPs as still being in effect. Therefore, if there was a project in any of the four federally recognized years of the old TIP that did not get authorized by June 30, the project can still be authorized based on the old TIP if the request is made between July 1 and September 30. There is no need to amend the old TIP. However, there is still a need to ensure such projects are in the new TIP if the projects are to be authorized after September 30. This is accomplished through the Roll Forward TIP Amendment mentioned below and must occur before October 1.

# 4.3.1.4.1 ROLL FORWARD TIP AMENDMENTS (FHWA PROJECTS)

Each March or April, the Work Program Office provides the Districts with the Tentative Work Program, which will be adopted on July 1. The MPO's TIP incorporates the Tentative Work Program and is adopted by July 1. Year one of the TIP and the Work Program should always match. However, when the new TIP and Work Program is adopted on July 1, there are often projects that were supposed to get authorized and encumbered before June 30 (i.e., when the previous TIP and Work Program were in effect) but did not. These projects will automatically roll forward in the Work Program but will not roll forward in the TIP. Hence, the TIP must be amended to include these projects and match the Work Program. This is accomplished by what is known as a Roll Forward TIP Amendment.

Following the adoption of the Work Program, the Work Program Office posts the Roll Forward Report online. This report lists, by District, those projects that were not authorized by the end of the last fiscal year and have been rolled forward in the newly adopted Work Program. The District provides this list to the MPO, and the MPO uses it to process a Roll Forward TIP Amendment.

**Figure 4.5** presents the Roll-Forward Amendment process. An MPO can process a Roll-Forward TIP Amendment as soon as the Roll-Forward Report is published. However, FHWA will not recognize the approval of the Roll-Forward TIP Amendment until after **October 1**, the effective date of the new MPO TIP.

Please note there is no need for the MPOs to request a Roll Forward STIP Amendment because these Roll Forward projects are included in FDOT's submittal of the STIP on August 31.

# Figure 4.5 Process Flow for Roll Forward Amendments

# 4.3.1.4.2 ROLL FORWARD TIP AMENDMENTS (FTA PROJECTS)

Unlike all other projects, FTA projects do not automatically roll forward in the Work Program. Non-budgeted projects that utilize 49 USC Sections <u>5307</u>, <u>5337</u>, and <u>5339</u> funds that are not obligated in the previous year will <u>not</u> roll forward. A limited number of budgeted projects will roll forward into the new STIP. Unless District MPO Liaisons and the Public Transportation Office are mindful of rolling forward FTA-funded projects, there is a risk that they could mistakenly drop out of the Work Program and, consequently, the STIP. If that happens, the project will not be eligible for FTA funding when the time comes to authorize it, and an STIP Amendment will have to be executed to put the project back in. **Therefore, special care must be taken to ensure the Roll Forward TIP Amendment includes FTA-funded projects.** The District Public Transportation Office (PTO) should cooperate with the Central Office PTO and the respective transit agencies to identify these projects. The District MPO Liaison must work closely with the District Public Transportation Office (PTO) to ensure all projects not previously obligated are in the new STIP. See the <u>Work Program Instructions Part IV, Chapter 5</u> Section F for further details about Roll Forward TIP/STIP Amendments.
